Who are we?

- ❖ IEEE Industry Standards & Technology Organization – [A Federation of Member Programs](#)
 - ◆ 501(c)(6) not-for-profit organization for industry programs
 - ◆ Dedicated staff supporting 40+ consortia/alliance program members since 1999
 - ◆ Fast track to industry collaboration: standards, specifications, marketing and conformance
 - Organizational independence – separate independent entity from IEEE
 - We help you determine bylaws, and other governing documents, for your alliance

IEEE-ISTO Federation Member Programs

Program Benefits

- ❖ Membership provides:
 - ◆ 501(c)(6) not-for-profit status in a month not years
 - ◆ Insurance for program, members and officers
 - ◆ Bank accounts, tax filings and audited financials
 - ◆ Organizational headquarters
 - ◆ Fast effective safe-harbor to collaborate
- ❖ Alliance/Consortium independence
- ❖ Access to valuable IEEE resources outside of IEEE membership/participation
 - ◆ Conferences
 - ◆ Creative services
 - ◆ Publishing
 - ◆ Printing services

Registrations Operation Association

- ❖ Overlapping and redundant interfaces; for example, in the form of EPP extensions or process flows can be mitigated through additional communication and collaboration by a broader set of participants in a legally structured Industry Consortium.
- ❖ In addition to the legal framework, the Industry Consortium would provide the services that membership would generally need.

A photograph of two mountain climbers on a steep, dark rock face. One climber is higher up, reaching down to assist another climber who is hanging from the edge. The sun is low on the horizon, creating a bright glow and silhouetting the climbers against a clear blue sky. In the background, a range of mountains is visible under the same sky.

Let us help you climb the
