

RDAP Futures

James Galvin, Ph.D., Afilias
Registration Operations Workshop (ROW#8)
Bangkok - 7 May 2019

RDAP Response Profile Update

- Published v1 February 2019 - based on Temporary Specification
- Deployment due date for gTLDs of 26 August 2019
- ePDP Phase I recommendations published - replaces Temporary Specification
- Requires some technical changes to v1
- Must also track Implementation Review Project for ePDP Phase I
- Target deployment due date for gTLDs of 29 February 2020

Credential Management

- Policies are a significant task of ePDP Phase II
- Technical Study Group (TSG) has proposed a framework for consideration
- OpenID vs Certificates - not necessarily competitive
- Must track work of ePDP Phase II
